Experience: The Optical Potion Lab

Step inside and be transported into a whimsical Optical Potion Lab, where fashion, fun, and a pinch of holiday magic collide.

You will be welcomed to a “potion bar” station, a cozy harvest-meets- holiday corner brimming with warm twinkle lights, shimmering jars, and shelves lined with sparkling “ingredients.”

Think cinnamon sticks, dried oranges, faux spell books, glitter vials, and star confetti. You will receive a mini glass potion jar and be guided through creating your very own “Vision Potion” — layering colorful sands, shimmering glitter, sequins, and dried botanicals while selecting from enchanting labels like:

Clear Vision • Focus Fuel • Future’s Bright • See the Good • Specs Appeal

Personalize your jar by naming your potion, dating it, and sealing it with a festive cork topper and charm. Every potion becomes a keepsake to remind you to see the good things ahead — and, of course, to come back for your next stylish pair of frames.

To make the Optical Potion Lab even sweeter, guests who make a purchase during Harvest to Holiday event dates will unlock an extra touch of local magic:

- A \$5 gift card to Wind & Unwined — so you can treat yourself to a warm cup of cider, coffee, or a festive latte after your potion-making adventure.
- Your custom Vision Potion keepsake jar — a reminder of the clarity, focus, and joy that comes from seeing life beautifully.
- Exclusive event-only offers sprinkled throughout the store, like mystery discounts on select frames and limited-time holiday bundles. We’ll present the gift card in a sealed envelope marked “Your Magic Awaits” — tying it back to the enchanted theme and making the experience feel like a reward.
